
LUNCH-DINNER REFRESHMENTS

Livable Cities
BARCELONA

REFRESHMENTS

After the keynote talks, complimentary coffees will be provided. At other times, the campus cafeteria will be open. See the campus map for its location. There are also several places to eat or have a coffee break near-by.

In these cases, drinks and refreshments are individually priced.

Off-site options.

LUNCH

The campus has a self-service cafeteria open from 1pm.

Delegates wishing to have lunch here can choose from a local menu. All food is individually priced.

Off-site there are multiple options available near the campus and a 1hr 30min break has been allocated to allow delegates to explore the local cafes and restaurants.

See [restaurant map](#).

DINNER

We will meet informally in local bars and cafes on Days One and Two of the conference. You may want to eat before meeting up as food options at these venues will likely be limited. All food and drink is individually priced. See the guide to Social Activities.

Again, there are multiple options available near the campus.

See [restaurant map](#).

AFTER DINNER DRINKS

The area around the campus has various bars open in the evenings. If not joining delegates for informal drinks on Days One and Two you can consider any of the local options.

See [local bar map](#).
